IB Mission Statement

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end, the organization works with schools, governments, and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate, and lifelong learners who understand that other people, with their differences, can also be right.

Horizon Japan International School Mission Statement

HJIS is committed to providing a rigorous and challenging education within a safe and caring environment. It aims to nurture responsible learners who understand the importance of intercultural understanding to achieve global peace.

IB Standards and Practices

A.6 The school promotes open communication based on understanding and respect.

The Purpose of this Policy

The purpose of HJIS School Bus Service is to provide safe, dependable, and convenient public transportation to destinations within the designated bus routes.

IB Learner Profile

IB programs promote the education of the whole person, emphasizing intellectual, personal, emotional, and social growth through all domains of knowledge. By focusing on the dynamic combination of knowledge, skills, independent critical and creative thought, and international-mindedness, the IB espouses the principle of educating the whole person for a life of active, responsible citizenship.

The learner profile paints a picture of the whole person as a lifelong learner. As IB learners at Horizon Japan International School (HJIS), we strive to be:

Inquirers

We nurture our curiosity, developing skills for inquiry and research. We know how to learn independently and with others. We learn with enthusiasm and sustain our love of learning throughout life.

Knowledgeable

We develop and use conceptual understanding, exploring knowledge across a range of disciplines. We engage with issues and ideas that have local and global significance.

Thinkers

We use critical and creative thinking skills to analyze and take responsible action on complex problems. We exercise initiative in making reasoned, ethical decisions.

Communicators

We express ourselves confidently and creatively in more than one language and in many ways. We collaborate effectively, listening carefully to the perspectives of other individuals and groups.

Principled

We act with integrity and honesty, with a strong sense of fairness and justice, and with respect for the dignity and rights of people everywhere. We take responsibility for our actions and their consequences.

Open-minded

We critically appreciate our own cultures and personal histories, as well as the values and traditions of others. We seek and evaluate a range of points of view, and we are willing to grow from the experience.

Caring

We show empathy, compassion, and respect. We have a commitment to service, and we act to make a positive difference in the lives of others and in the world around us.

Risk-Takers

We approach uncertainty with forethought and determination; we work independently and cooperatively to explore new ideas and innovative strategies. We are resourceful and resilient in the face of challenges and change.

Balanced

We understand the importance of balancing different aspects of our lives – intellectual, physical, and emotional – to achieve well-being for ourselves and others. We recognize our interdependence with other people and with the world in which we live.

Reflective

We thoughtfully consider the world and our own ideas and experience. We work to understand our strengths and weaknesses in order to support our learning and personal development.

Student Transportation

Providing safe transportation for children to and from school and school-related activities is of top priority to us at HJIS. The school has a contract with a private bus company to provide safe and reliable transportation for HJIS students for an additional fee. Our buses service a large region that includes nearly all major areas of Yokohama and surrounding neighborhoods.

Who Is Eligible?

HJIS provides bus services for all age groups. However, students in EYP (Early Years Program - Preschool, Prekinder) and PYP (Primary Years Program - Kindergarten - Grade 5) are prioritized for registration. Secondary students can register for buses if no primary students are on the waitlist. When a school bus reaches its full capacity, students will be placed on a waitlist. When a spot opens up, seats will be offered to the first name on the waitlist.

1. One-time ride is possible and conducted according to the following rules:

- Please let the office know at least one day in advance via email during office hours (8:00-17:00) if you would like your child to ride the bus in the morning. Please note that we cannot guarantee that we can fulfill your request on time if the request has been made after 17.00.
- One-time bus fees must be paid in cash on the day your child rides the bus. Payment should be made to the bus supervisor. We will send you a bus ticket and receipt in return.
- One-time bus fee is only acceptable for irregular bus ride requests. It is not acceptable for regular bus rides (i.e., every Thursday).

- If the fee for the bus stop you are requesting is different than your regular bus stop, we do not ask you to pay extra fees or refund the difference since it is an irregular one-time request.
2. For families who have more than one child enrolled at HJIS, if one child is on the bus and the other sibling is on the waiting list, the seat can be changed between siblings under these circumstances:
- The second sibling must not be able to come to school by him/herself
 - Seat change can be done only once. Switching siblings back will not be possible.
 - Siblings can not fill another sibling's place on the bus if one of the siblings is absent.
3. Families who opt to use bus services in the middle of the term will be charged based on the number of days used ($\# \text{of days used} / \text{total days according to the term} \times \text{TF}$)
4. Families who would like to stop using the HJIS Bus service after a termly registration will receive a refund for the bus fees. The refunded amount will be calculated using a one-time bus fee for the days students use the bus service. Then the remaining amount of the termly fee (TF) will be refunded to the families.

Please be informed that HJIS is not obligated to provide bus service if a family's housing location is not within existing serviced routes.

Bus Crew

HJIS provides the bus service with 4 busses for 4 different areas. Every bus has a supervisor to maintain the bus rules and regulations to provide a safe pick-up and drop-off experience.

Please be informed that;

- bus supervisors and bus drivers can be changed or swapped between buses if it is seen as required by the school administration.

- students' family members cannot ride the bus for personal reasons. It might be possible only if the school administration sees it as required.
- school teachers may ride the bus depending on the situation. This will be decided by the school administration.
