# Payment Policies

## Returning Students

---

All students returning to HJIS for the following school year will receive their invoice in June. Invoices are payable on or before the due date(s) indicated on such invoice(s). Due to HJIS's open enrollment policy, we cannot guarantee a returning student's place after the payment deadline and HJIS may assign his/her place to a new student.

## Refund

---

If a student will be withdrawn during any terms, parents should notify the Admissions Office in writing off the last expected day of attendance. This notification must be received by the first day of each term in order for a refund of tuition, and maintenance to be made for any full term during which the student will not attend. Please be informed that even a day of attendance of a student in any of the terms will require full payment of tuition and maintenance fees for that term. Official transcripts and records are released only after all financial obligations have been met. HJIS will not reimburse any payments for a current term because of a student's absences, suspension or expulsion. Tuition and fees are not transferable to another student.

## Delinquent Payments

---

In cases of financial delinquency, school policy prohibits class attendance and/or the release of grades, transcripts, or other records of attendance and performance and/or refuse re-enrollment for the following semester. Payments more than 5 school days past due are subject to a ¥1,000 late fee per every school day.

## Late Enrollment

---

For students enrolled after the school year commences, tuition and bus fees will be calculated based upon term. Attendance for any portion of a term will necessitate payment for the entire term.

## Corporate Contribution Program

---

Corporations and organizations that provide educational benefits to their employees are asked to consider participating in the Corporate Contribution Program, a potentially cost effective alternative to paying school fees, tuition and the Japanese individual income taxes on these educational benefits. HJIS Board of Directors wants all parents and organizations to be aware that tuition does not cover the full cost of educating a student at HJIS. Consequently, tuition and fees would be significantly higher were it not for contributions and other non-tuition income. Therefore, your continued support of the School's voluntary annual fund is earnestly requested. For more information on how to make your contribution, please see Support HJIS page.

## Payment Instructions

HJIS is using an automatic withdrawal system for school tuition and any other school-related payments. The payments must be made by enrolling with any Bank and arranging to have your child's tuition and fees payment automatically processed from your bank account. Your bank then implements "automatic payment processing," which simply means that your bank automatically drafts the agreed payment amount from the account you specify on a scheduled day. Admissions, Building Fund and Registration Fees and the first term School Fees should be made by bank transfer during the admissions process.

All accounts will be auto-withdrawal. All tuition and fees are automatically withdrawn on pre-scheduled dates (July 20th, November 20th and February 20th).

Payments should be made by bank transfer during the admissions process. Kindly note that, HJIS does not accept cash or credit card payments for tuition and fees.
